**Textbook/material**

*Linear Algebra and Its Applications* by David Lay, Fourth Edition  
(**with online homework**).

We will cover material from chapters 1 – 6: Linear equations, matrix algebra, determinants, vector spaces, eigenvalues and eigenvectors, orthogonality.

**Exams & assignments (credit %)**

- Homework assignments: assigned, submitted and graded online (30%).
- Midterm tentatively scheduled for October 16, in class (30%) .
- Final exam: Wednesday, December 10, 1:00 - 3:00 pm, location TBA (40%).

**Policies**

- Homework will be assigned online through the book publisher's website. Instructions on how to register and access are provided separately.
- The final exam is comprehensive. Make-up exams will not be given. If a test is missed for a *valid* reason, the grading scheme will be adjusted to reflect the situation.
- The use of calculators and other electronic devices is not permitted during exams.

**Students with Disabilities**

Reasonable accommodations are available for students with a documented disability. If you have a disability and need accommodations to fully participate in this class, please either visit or call the Access Center (Washington Building 217; 509-335-3417) to schedule an appointment with an Access Advisor. All accommodations must be approved through the Access Center.

**Academic Integrity**

Academic integrity is the cornerstone of the university. Any student who attempts to gain unfair advantage over other students by violating WSU's Policy on Academic Integrity will fail this course.
