

Math 364 – Homework – About Me

Name: _____

I would like to ask you some questions about your academic strengths and weaknesses and about your interests. This will help me to craft class activities and homework that are beneficial to you.

1. What courses and academic subjects have been of most interest to you?

2. What courses have been most challenging to you in a positive way?

3. What courses have you struggled with?

4. How would you rate your Linear Algebra preparation for this course?

5. How would you rate your Multivariable Calculus preparation for this course?

6. Describe your computer programming experience and comfort level.

7. What are you hoping to gain from this course?
